

FAASTeam presents:

EAA Chapter 524 VMC Club - Mastering the Art of Aviation

The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills. The intent is to create a community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency.

The VMC Club monthly programming is developed and produced by EAA, but it does not use a lecture or presentation format. Instead, an actual scenario is presented and is followed by a group discussion – so audience participation is essential! Since everyone has a different experience level and different airplane capabilities, we can all benefit from the discussion.

Question of the month: Why is there a significant and visible difference between the magnetic variation line and a VOR located nearby? For example, the 000 radial at Hagerstown VOR (HGR) is not quite aligned with the 10° 30' West magnetic variation line between HGR and Hagerstown Airport (KHGR).

Event Details

Mon, Sep 20, 2021 - 19:00 EDT

EAA Chapter 524 Education

Center

330 Aviation Way

Frederick, MD 21701

Contact: Thomas Comeau

(443) 538-5637
